Missouri City Raiders

It's a great day to be a Raider!

The Missouri City Raiders is a 501(c)(3) non-profit organization committed to athletic and character development of youth in the Missouri City area. Our goal is to develop each athlete to their maximum potential and prepare them for the next level of play. Our organization services 130 youth ages 5 thru 12.

The Missouri City Raiders organization is guided by a volunteer Board of Directors and Coaches who are dedicated to enriching the lives of youth in and around the Missouri City Area through educational support, nutrition and health programs, safe sporting techniques and sportsmanship. Our organizational reach stretches far beyond wins and losses on the field, as we charge ourselves to be positive role models in the community and provide a systematic support system for our youth.
